LENINE DOES NOT ASK THAT ALLIES RECOGNIZE HIS GOVERNMENT, BUT WANTS TO PROVE THEORY IS RIGHT

BY FRED S. FERGUSON

(Copyright 1919, By the United Press)

Paris, April 3.—The Russian soviet government is not asking for recognition by the associated powers, it was learned from authoritative sources today. The proposition recently submitted to the peace conference by Premier Lenine, summed up, is substantially:

"Make peace with us, enabling us to end the numerous little wars that are being waged on Russian territory. Lift the blockade so as to permit us to get food and materials."

"Then we will 'make good' and you can recognize us—if you care to."

The Russians, it is understood, are also willing to make a separate peace with the associated powers, that is without including the new Hungarian soviet government in the pact.

By making peace with the Russians is naturally meant withdrawal of allied forces from Russia and cessation of participation in such campaigns as that in the Odessa district. Lenine agrees to cease fighting, it is declared and stop propaganda work in other countries, applying his government machinery to purely national affairs, in which he expects to show it is possible for a system to succeed in which a rich man cannot get anything merely because he is rich.

The Russians attitude is that such military operations as they are now carrying on are in self-defense. It is known the peace conference is giving extensive consideration to the latest reports from Russia and is becoming more impressed with accumulation of evidence that violence and bloodshed are not stepping bolshevism.

An instance of this is contained in reports reaching here from Copenhagen regarding the reception accorded General Mannerheim in neutral countries. Mannerheim crushed the bolshevist movement in Finland by killing hundreds. When he went to Stockholm, recently a huge crowd awaiting him on the pier, hissed and hooted. Mannerheim did not leave the boat. In Copenhagen, he was stoned while riding through the streets with the king. He intended to visit Norway but his visit was cancelled.

In view of the reports of serious food conditions, as well as the spread of typhus in Russia, coupled with danger of a Russo-German alliance, the peace conference is said to be considering whether the associated powers can afford to ignore the present opportunity to effect an immediate agreement with the Lenine government.

HALL CLEARED OF CHARGE MADE BY HIS FATHER-IN-LAW

Alexander Hall, colored, was cleared of the charge of threatening to assault his father-in-law, Caleb Nooks, and the case against him dismissed by Magistrate J. E. Jones Wednesday afternoon.

The article, as Hill calls the contract between his father-in-law and himself for the rental of the elder man's farm to the younger, was produced in court and helped clear Hill of the charge. It showed that the two cows, the innocent cause of the commotion, are the property of Nooks, but that Hill was to have the use of them.

The testimony showed that when Nooks and a boy drove up to the place and started to drive the cows away, that Hill hustled up and told them that if they took the cows he would do certain things to them. Whereupon they left the animals. The court did not think this sufficient to bind over Hill to keep peace, but warned him that his father-in-law must be treated with proper respect when he visits the farm.

XENIA PEOPLE WILL FLOCK TO STATION TO SEE SOLDIERS

Xenia is expecting to flock to the Pennsylvania station Friday morning to give a rousing welcome to the Xenia and Greene county members of the 148th Infantry which is scheduled to parade in Dayton on that day.

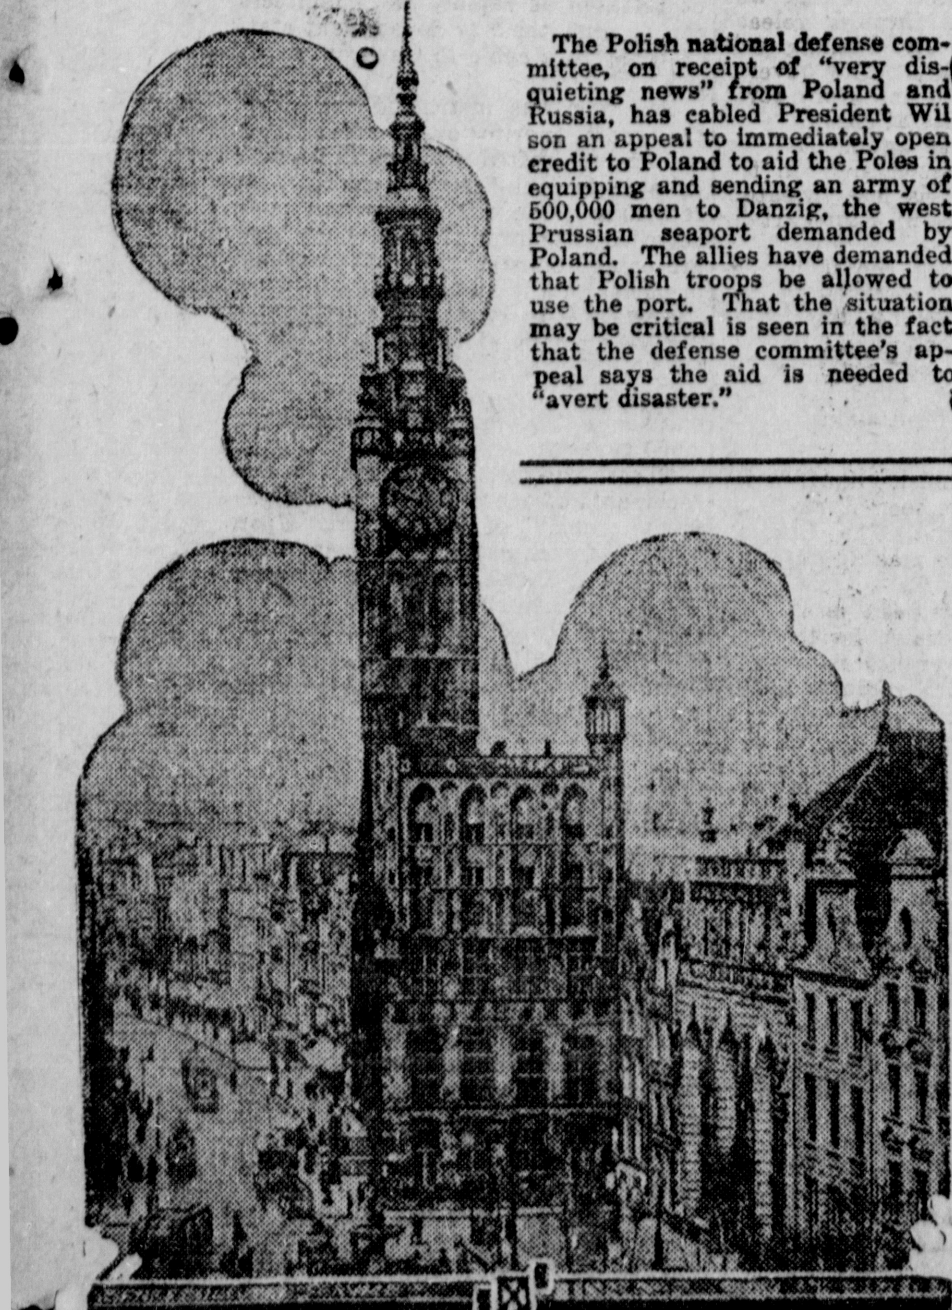

The train bearing the famous old Third will come through this city from Columbus shortly after eight o'clock and will stop here, where the Dayton Red Cross hopes to feed the soldiers to avoid congestion at the Union Station in Dayton, by hauling a truck load of food to this city and distributing it at the station to eat on the train.

In the mean time there will be quite a wait at the local station, and people who will not get to Dayton to see the big parade should take advantage of this opportunity of welcoming back the old National Guard outfit that left this city first of all the fighters.

MOTHERS LITTLE BROTHER.

Chicago, April 3.—Ruth Wallace, 8, is mothering her brother, nine. Judge Arnold paroled the boy to her. Her tears did it.

POLES ASK AMERICA'S HELP IN SENDING ARMY TO DANZIG TO "AVERT DISASTER"

View of Danzig.

The Polish national defense committee, on receipt of "very disquieting news" from Poland and Russia, has cabled President Wilson an appeal to immediately open credit to Poland to aid the Poles in equipping and sending an army of 500,000 men to Danzig, the west Prussian seaport demanded by Poland. The allies have demanded that Polish troops be allowed to use the port. That the situation may be critical is seen in the fact that the defense committee's appeal says the aid is needed to "avert disaster."

FAMOUS RAINBOW DIVISION BOYS SOON TO REACH HOME

The forty-second division, U. S. army, known as the Rainbow division, is expected to reach American shores in the near future. This division was made up of picked men from several states and sent overseas in the war as a typical American fighting force.

It saw plenty of action all along the front. The upper photo shows General Mencher and his staff. Left to right are: Lieut. Col. Judha, intelligence officer; Col. Hughes, chief of staff; General Mencher, commanding division; Major Murphy and Capt. Gill. The photo was taken at Chatenois, Vosges, France.

The upper row in the lower group shows, left to right: Privates Milton Monnet, Joseph Kozik, Robert Martin and Richard Barnes and Lieut. R. E. Packard. The others in the group have obtained a quantity of bread, jam and pickles and are "going to them."

PRESIDENT ASKED TO INTERCEDE IN BEHALF OF DEBS

Washington, April 3.—President Wilson has been formally asked to grant respite to Eugene V. Debs, found guilty and sentenced to ten years imprisonment under the espionage law, it was announced at the White House today. Application is now in the hands of the Attorney General and his recommendation is expected to be forwarded to the president in Paris shortly. The request was signed by Frank P. Walsh, Charles Edward Russell and Allen Benson.

Seeking respite of sentence is a preliminary step, it was stated, to a request for executive clemency in the form of a pardon or parole. If it is granted Debs will not have to go to jail when the mandate of the supreme court, denying his appeal, is served upon him.

After the respite application is acted upon, applications for a pardon or parole will be submitted, friends of Debs have informed the White House. Under the usual procedure, Debs would have to go to jail about May 1, but it is believed that the president will take some action before that time.

Secretary Taft stated that only a preliminary conference on the application has been held with Attorney General Palmer. Of the three signers of the respite application, Frank P. Walsh is former joint chairman of the War Labor Board and a well known labor leader. He is now on his way to the peace conference to ask self determination for Ireland and probably will see the president there. Charles Edward Russell is a leader among the socialists and a prominent writer and Allen Benson is a socialist writer. The applicants made their appeal on the basis of Debs' old age and poor health, it was stated.

HAYWOOD BLAMES HIS TROUBLES ON SAMUEL GOMPERS

Leavenworth, Kas., April 3.—"Big Bill" Haywood and thirty-six less conspicuous members of the I. W. W. were slated today over the prospect of freedom within the next few days.

Haywood, according to his statements, intends to center his efforts upon educating the people of this country to recognize the I. W. W. as a worthy organization. Haywood blamed Samuel Gompers, for his present circumstances.

LONELY SOLDIER IN FRANCE WANTS TO HEAR FROM HIS FAMILY

Is the mother of Thomas Hill still living in Xenia?

If she is, this paper wants to tell her that a lonely soldier boy in France, her son, has waited vainly eight dreary months for a letter from her.

Thomas Hill is a member of Mobile Section, 313 Train Headquarters, Eighty-eighth Division, stationed at Gondrecourt, France, in his company is a nephew of Mrs. J. H. McVay, of this city. He heard that young Hill's home was in Xenia, and the boy's pathetic admission that no letters from his family had reached him in eight months.

Mrs. McVay's nephew told his mother about the boy, and she wrote to Mrs. McVay and asked her to give the matter publicity.

Young Hill's folks may have been writing to him but if so, their letters have missed him.

WILLIAM P. HARNER GRANTED A DIVORCE

William P. Harner has been granted a decree of divorce from Ruby Sanders Harner, on the grounds of gross neglect of duty.

Gross neglect of duty was the ground upon which Dewitt Maxwell as given a decree of divorce from Gladys Maxwell.

The demurrer of the defendant to the suit for damages brought by Frank Jeffries against the Village of Cedarville, was sustained by Judge Kyle. Jeffries, who was burned when his clothing caught fire while he was a prisoner in the Cedarville prison, sued the village for damages.

PAST GRAND MASTER TO BE SPEAKER AT MASONIC CENTENNIAL

Charles J. Pretzman, Past Grand Master of the Grand Lodge of Ohio, will give an address at the centennial celebration to be held by Xenia Lodge, No. 49, F. & A. M., Thursday, April 10.

Handsome invitations to attend the celebration were placed in the mails by the lodge, Tuesday. The celebration will be held in the afternoon and evening, beginning at 1 o'clock, with the opening of a Lodge of Master Masons.

A reception to grand lodge officers will follow, work will be given in the Master Mason's degree, and short talks by visitors and members will conclude the afternoon program. A banquet will be served at 6 o'clock.

The evening meeting will be an open one for Masons, their families and friends. Mr. Pretzman's address will be delivered in the evening. He is a prominent Columbus attorney.

Important events in the history of Xenia Masonic lodge are: Dispensation granted, December 31, 1818; organized, U. D., March 6, 1819; charter granted December 19, 1819; first work, April 10, 1819. The present membership of the lodge is 404.

PICTURE OF LIEUT. CLARENCE DENSER APPEARS IN PAPER

A large picture of Lieutenant Clarence Denser, First Lieutenant in the Medical Corps of the 148th Infantry, was published in Wednesday evening's Dayton Herald.

Lieutenant Denser's picture was published in recognition of excellent service he rendered with the 148th in France. He will be with the outfit in Dayton Friday and he will come here after he has been discharged as Mrs. Denser has been living here since her husband enlisted in the service. Lieutenant Denser is a former local high school athlete and truly American in his ideals who makes a success of whatever he goes into. He played Varsity football at the University of Cincinnati after leaving Xenia.

MARTIAL LAW PREVAILS THROUGHOUT THE ENTIRE RHINELAND IS REPORTED

Basle, April 3.—Martial law has been proclaimed throughout the Rhineland, a dispatch from Stuttgart reported today. The strikers are said to have demanded that Germany immediately resume diplomatic relations with Russia.

Militia and police attacked demonstrators in Essen with hand grenades, inflicting numerous casualties, it was reported.

Berlin, April 2.—(Night).—More than 150,000 workers went on a strike in Berlin late today.

Metal workers, mechanics and other skilled craftsmen were the first to walk out. They were quickly followed by several other trades unions.

While the strike had been anticipated for several days, it was believed it might be postponed until next week and the sudden walkout caught the government forces unprepared. There was no violence, however, and the city was quiet tonight.

Reports reaching here tonight indicated that disturbances have been renewed in Stuttgart and Frankfurt with greater vigor than before. More than twenty persons have been killed and fifty wounded in Stuttgart. Business is completely at a standstill. Crowds swarm through the streets, storming army food wagons. Government troops are maintaining the upper hand by means of machine guns, bristling from buildings and armored motor cars. A battery of tanks is assisting in patrolling the streets.

In Frankfurt, hundreds of persons have been arrested. Loss from plundering is estimated at more than a million dollars.

BY FRANK J. TAYLOR.

Berlin, April 2.—The Freiheit today published the following appeal of the radicals central committee:

"Workmen and workwomen, rise and demonstrate against the brutal military government which is gradually placing the entire land under a state of Siege."

"The government is forbidding workmen's meetings and is not hindering the demonstrations of the reactionaries."

The New General strike and political outbreak in Berlin, which was temporarily averted through release of the radical agitator, Daumig was still smoldering today. The government is preparing to use every force to crush any demonstrations.

Frankfurt is quiet again. The strike at Essen and in the Ruhr strike district is less threatening. The situation in Stuttgart is less critical however.

The above dispatch contradicts reports from various neutrals yesterday that a general strike was under way in Berlin. Yesterday's reports also described severe fighting in Frankfurt, in which hundreds were wounded and have been slain.

Berlin, April 3.—Bolshevik offensive was reported to have been started today in East Prussia. The German troops are said to be making a successful resistance.

The Germans have been preparing for a bolshevik offensive on the eastern frontier for several weeks. Marshal Von Hindenburg recently called a council of war at Kolburg to discuss defensive measures.

The bolsheviks announced some time ago that as soon as weather conditions permitted they would conduct major offensive operations on all fronts. They have carried out this threat in practically all regions save the Northern Front, where it is still winter and on the eastern German and Polish frontiers.

AN EXPENSIVE SHOW.

Detroit, April 3.—"It cost T. M. Parsons of Toledo, Ohio, \$620.75 to see a vaudeville show. The 75 cents were voluntarily contributed.

A pick pocket charged the balance.

WHO IS WEARIN' 'EM.

Chicago, April 3.—Carlotta M. Pinder looked over her husband's cancelled checks. They showed purchase of gems and lingerie she was not wearing. She sued for divorce.

VOLUNTEERS TO REPLACE DRAFTED MEN OVERSEAS

Washington, April 3.—Soldiers in the American army of occupation will be replaced as rapidly as volunteers can be sent, the war department stated today in a cable to General Pershing.

Pershing was instructed to select the most meritorious cases from among his drafted men and those who enlisted for the war for priority in returning. The war department also revealed the proportion in which men are being enlisted for the various branches of the service.

The cable to Pershing reads: "We are now enlisting for 3 years, 50,000 volunteers as follows: 25,000 infantry; 15,000 field artillery; 5,000 engineers; 3,000 medical department; 2,000 cavalry."

"These will be sent to you in detachments of one thousand for assignment to army of occupation. Upon arrival of each detachment, return to the United States for discharge equal number of men enlisted or drafted for emergency, selecting most meritorious cases, preferably those who fall under circular 77, W. D., 1918 and those with Class A. and Class B. allotments."

SEEK \$274,000 TO GET I. W. W. RUNCH OUT OF PENITENTIARY

Chicago, April 3.—Attorneys Clarence Darrow and George B. Vanderveer today endeavored to obtain the \$274,000 necessary for release of "Big Bill" Haywood and thirty six other I. W. W. leaders now serving terms in the Leavenworth Federal prison.

The men were ordered admitted to bail pending a hearing on their appeal in the U. S. district court of appeals late yesterday on motion of Darrow. Bail in the case of Haywood was fixed at \$15,000.

FREED FROM THE PHYSIC HABIT

Says her constipation ended and stomach trouble left. Tells how.

"I had stomach trouble and constipation very bad for a long time. Tried everything, but kept getting worse. I could hardly eat anything and my bowels wouldn't move unless I took a physic every day. I have to support myself and two children, yet I was not able to work."

"The first bottle of Milk Emulsion did wonders for me. I have continued its use until now I feel fine and can work every day. I have a good appetite, my stomach trouble has left me, and my bowels are as regular as clock work."

Mrs. Mary Widner, 193 E. Court St., Sioux City, Iowa.

Mrs. Widner found out what all sufferers should know—that pills, salts and physics do not end constipation, but usually make it worse.

Milk Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of asthma, chronic bronchitis, and tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with spoon like ice cream. A truly wonderful medicine for weak, sickly children.

No matter how severe your case, you are urged to try Milk Emulsion under this guarantee—Take six bottles none with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk Emulsion Co., Terre Haute, Ind. Sold and guaranteed by Sayre & Hemphill.

"WEE, WEE, WEE ALL THE WAY HOME"

A young, and very handsome hog, tiring of the dull routine of everyday life in the same old mud puddle, decided to break away from it all, leave its dear old home and mother, and explore the outside world, to see if he couldn't brighten the monotony a little, so off he started, down the road, slipping quietly away, while his master was busy on another part of his farm.

Alas, his explorations were destined to come to an early ending, as Mr. Alpheus Hite, of near Jamestown, upon whose farm he dwelt, missed his beautiful, juicy little porker, and at once called up the newspaper at Xenia, and after placing a lost ad in the columns of the Gazette and Republican, located the repentant hog, let away over by Lumberton, very much discouraged in his search for the white lights and brought him, crying, "wee, wee, wee, all the way home."

"The ad sure did the business," said Mr. Hite. The lost was found, the wandering pig returned home, through the classified columns of the Gazette and Republican.

DANCING PARTY IS HAPPY EVENT

A congenial crowd and excellent music made the dance given at the K. of P. Hall Wednesday night, a most enjoyable event. The fact that it is the first dance for some time also added interest to the affair, at which about 25 couples were present.

There were seven pieces in the Jazz Orchestra furnished with Miss Mabel Leopold of Tippecanoe at the piano. Martin Weimer playing the traps, Forest Hurley, French horn, Shepherd brothers, Saxophone and cornet and Ervin brothers, slide trombone and saxophone. The committee in charge was Leon Smith, Robert Hall, Walker Whittington and Forest Hurley.

QUEEN ESTHER CIRCLE IS ENTERTAINED

The young women of Queen Esther Circle, Trinity church, were hostesses at the home of Mrs. James Thornton on North King street, Tuesday evening, in honor of Mrs. Leigh Bickett, (Pauline Chatfield,) a recent bride. There were thirty-five enjoying the evening, and Mrs. Bickett was presented a gift from the circle, half a dozen silver orange spoons. After amusing themselves with contests the guests were served a refreshment course.

MISS GRANGER IS HOSTESS AT TRAVEL CLUB MEETING

Miss Lametta Granger was hostess to the Travel Club at her home on West Main street Wednesday evening. The club members were invited in honor of Miss Irma Finley, who is home from the south, but as Miss Finley was taken ill of the grip and is confined to her bed she was not present. After an evening of sewing the guests enjoyed a two course repast, the table being very attractive with a centerpiece of marigolds. There were ten guests.

FUNERAL SERVICES FOR MRS. TRACY

Funeral services for Mrs. Charles Tracy were held Wednesday at the Methodist Episcopal church in London, and were conducted by Rev. Davis, pastor of the family. The church was crowded for the service, and members of the Rebekah lodge attended in a body.

The body was brought to Xenia for interment, and a service was held at Woodland cemetery chapel, for the benefit of friends living here. Rev. Davis officiated, assisted by Rev. H. J. Jewett. The pallbearers were London men. Among the friends from out of town who were here for the funeral were Miss Addie Sellers of Springfield, Mrs. William Sellers and Mrs. Fowler of Dayton.

EAST END NEWS

After the "Flu" —Fever or Cold

Clean the Acidity and Toxic Poisons
Out of the Digestive Tract

Millions are now suffering from the after effects of the deadly "flu," a fever or a cold. Their appetites are poor, they are weak, and they are waiting for their strength to come back.

If these people could only realize that the return to health and strength would be greatly helped by giving attention to the stomach—that is, removing the acidity and toxic poisons from the entire digestive tract, making it act naturally, so that the body will receive the full strength of the food eaten—a great deal of suffering would be saved to humanity.

Everyone knows that the disease itself, and the strong medicines that have been taken, upset the stomach, leave it hot and feverish, the mouth dry, the tongue coated, a nasty taste, and no desire to eat. This is a poor foundation to build new strength on. Now, tens of thousands of people all over this country are using EATONIC for the purpose of cleaning these poisonous after-effects right out of the system and they are obtaining wonderful results—so wonderful that the amazingly quick benefits are hardly believable, just as shown in the remarkable letter which is published upon the request of this sturdy old Civil War veteran. He is 77 years old. Read what he says EATONIC did for him:

"I am an old soldier, past seventy-seven years. I had the Spanish influenza and it left my stomach in an awful shape. I tried three different doctors but got no relief. As a last resort, I sent and got a box of EATONIC and to my greatest surprise the very first tablet I took helped me. I can now eat anything I want, and feel fine."

Yours faithfully,
Fowler, Indiana
Dec. 4, 1918
C. S. Martin

P. S. If you can make any use of this letter for suffering humanity, you are at liberty to do so. C. S. M.

This is only one case out of thousands. You should make the EATONIC test in your own case at once. You have everything to gain—not a penny can you lose, for we take all the risk. Your own common sense, your own feelings, tell you that a good appetite, good digestion, a good stomach, with the fever poisons and effects of strong medicines out of your system, will put you on the road to strong, robust health again.

You want to enjoy life again after you have battled with the "flu", fever or cold, or any other illness that has taken your strength. You want to get back your old-time vigor, be full of pep and enthusiasm—be able to work with ease, instead of listlessly, half-heartedly dragging out a mere existence.

So be sure to take a box of EATONIC home with you today. We cannot urge this too strongly. If EATONIC fails to give you positive beneficial results, it will not cost you a penny. There is no risk—the benefit is surely all for you.

WILMINGTON MAN GETS COMMISSION

Silas Jordan, popular Wilmington young man, and a son of Attorney and Mrs. I. Q. Jordan of that place, who visits this city frequently and is well known here, has been commissioned an ensign in the navy.

Ensign Jordan is now spending a fourteen day furlough at his home in Wilmington, having received the furlough as soon as he was commissioned on March 28. He received his preliminary training at Great Lakes Naval Training School, going from there to Material Officers' School at Municipal Pier, Chicago, and later to the great lakes, where he was given twelve weeks training. He was then sent to the Naval Reserve School at Cleveland and later to Pelham Bay, N. Y., here he graduated from the United States Naval Reserve and was commissioned.

"A terrible itching commenced on my body, 12 bottles of D. D. D. completely cured me."
"I saw a remarkable cure of a boy born with Eczema."
"A single bottle cured another case, Salt Rheum of the hands."
Quoted from recent letter from Walter Rieker, Elkhart, Ind. Write him for more facts.
We too, have seen such remarkable results accomplished by D. D. D. in healing all forms of skin trouble from pimples and blackheads to severe cases of eczema, that we feel it must reach your case. Come in and ask us about it. We guarantee the first bottle, 50c, 60c and \$1.00.

EAST END NEWS

The National Association for the Advancement of Colored People, through its national secretary, John R. Shillady (white) of New York, announces that the long fight waged for 32 years to secure trained colored teachers the right to teach in the colored public schools of Charlestown, South Carolina, has at last been won. Since the Civil War colored children have been taught in the public schools of Charleston by southern white teachers. There are five schools for whites and three for colored in Charleston, employing 91 teachers in the white schools and 52 in the colored, all of the teachers in both schools being white. Recently the school commissioners of Charleston spread upon their records a resolution to the effect that beginning in 1920, the colored schools would be turned over to colored teachers. Although a large number of the colored young men and women of Charleston had prepared

themselves to teach y graduating from the various teachers' training schools of the country, these qualified young men and women were heretofore forced to seek employment outside of Charleston. Xenia always had the benefit of the situation long sought by Charleston and the colored citizens here should guard it with alertness and jealousy.

LA-MAY FACE POWDER

DOES NOT CONTAIN
ANY WHITE LEAD

Now you can use a pure face powder because it stays on so well this La-may that is guaranteed not to injure the most delicate baby skin. It will not cause enlarged pores, blackheads and irritations. And, it really stays on better than any other face powder. It does not contain white lead or starch or rice powder (Powder de Riz) to make it stick. White lead poisons the skin and rice powder turns into a gluey paste that encourages enlarged pores, blackheads and rice powder pimples. The specialist who makes this improved powder uses a medicinal ingredient that doctors use to heal the skin. In fact, this new powder helps to prevent and reduce enlarged pores and pimples. It is also astringent, discouraging flabbiness, crows' feet and wrinkles. Because it is pure and be-

cause it stays on so well this La-may powder (French, Poudre L'Amé) is now used by over a million American women. The large size is only fifty cents and the trial size is twenty-five cents. Remember La-may is guaranteed absolutely pure. Five thousand dollars reward is offered any chemist who finds it contains any white lead or rice powder. Refuse substitutes. Your common sense will tell you that when you are offered a substitute it is sure to be a demonstrator trying to sell an inferior powder that pays a big commission. When you use this absolutely pure La-may and see how splendidly it beautifies your complexion, you will understand why it so quickly became the most popular beauty powder sold in New York. Save this notice. La-may Rouge is also pure.

HIVLING STOKES IS GIVEN A NEW NICKNAME IN ARMY

"Machine Gun" Stokes received his soubriquet because of his efficiency with the typewriter. Captain Klein says he has a most vivid imagination and could see hostile planes when no one else could, and always kept the rest of the bunch agog."

When a Dayton Journal reporter covered the landing of the President Grant at Newport News Wednesday, with Battery D, of the 134th Field Artillery, he ferreted out this story concerning Sergeant Hivling Stokes, son of Mr. and Mrs. G. C. Stokes, of this city. Sergeant Stokes just wired his arrival at Newport News Wednesday and he is now stationed with his battery at Camp Stewart. From there the outfit will come to Camp Sherman for discharge.

Over 50 Dayton men were in Battery D, which was organized in that city and was encamped at Triangle Park for some time. The outfit saw active fighting at the Meuse, St. Mihiel and with the British in Belgium. Besides Sergeant Hivling Stokes, Robert E. Collins was another Xenian who landed on the President Grant, the 112th ammunition train occupying the transport also with members of the 134th artillery.

A GREASY, PIMPLY SKIN COATED TONGUE AND FOUL BREATH

Poisons in the blood, accumulated through the winter months should be promptly driven out by taking sulphur, cream of tartar and molasses, but it is so nauseating! Well then, just get a tube of Sulphur Tablets and they will do the work pleasantly. They are made of sulphur, cream of tartar and herbs—sugar-coated tablets. Stomach, liver, bowels and blood are all benefited by their occasional use. Greasy skin, pimples, coated tongue and foul breath tell you if your blood is bad. Mrs. B. Clarke, 905 Main St., Buffalo, writes: "I have been using your Sulphur Tablets and like them very, very much." Sold by all druggists. Don't accept ordinary "sulphur" tablets and be nauseated and disappointed.

THE GREAT TRACTOR INDUSTRY IN THE IMMEDIATE FUTURE.

One of the great industries of America in a few years probably will be that of the manufacture of Tractors for farm use. Great as is the manufacture of Automobiles at the present time some predict that the day is only a few years distant when the manufacture of Tractors will be equally large.

The Department of Agriculture reports 132,679 Tractors built last year, of which 36,351 were sold for export. Manufacturers estimate the production this year of over 314,000, but of course this is only guess work.

The biggest task in the world is the turning of the soil each year for the planting of the crops. All other jobs are small in comparison. That it is which has always made farming a work of drudgery.

The Tractor and the other labor saving appliances which men of genius have devised for the operations of the farm, mean a transformation in agriculture. From muscle power the farm turns now to machine power. The 314,936 Tractors to be built this year will have a power equal to that of approximately 6,000,000 horses. There are only 22,000,000 horses in America. One of these days the horse will be as rare as a plough horse as he is getting to be between the shafts of a buggy or carriage now.

Farmers say that an element of great importance in connection with the Tractor that has not received the attention it deserves, is that it will make possible much deeper plowing than by the horse, and probably will increase the yield of crops, such as wheat, corn and oats, five or ten per cent per acre. They say too that it is likely to make dry farming less of a problem than it has been.

Popular as the farm Tractor already is in the far west, it probably would be more generally adopted and used, if prospective purchasers understood from the start how to run it. Not long before the signing of the armistice the State of California commenced training farmers in the use of the Tractor. It was undertaken as a war measure, to stimulate production, but has proved so valuable that the work is being continued with increasing enthusiasm among the agricultural population.

At present about 1,500 Californians are said to be receiving this training at an expense to the State of less than \$10 a pupil. The Farmers want the Tractors. The factories are turning out the machines as fast as necessary to meet the demand.

People in the west usually get things when they want them, so the Tractor training school is booming. The idea is not copyrighted. Other States can follow if they wish.

EUGENE V. DEBS SENTENCE SUSTAINED BY THE U. S. SUPREME COURT.

If you or I was an employee of Ford's factory at Detroit, and made it a business to talk against Mr. Ford's way of doing business, we could scarcely expect anything else than that the management would soon dispense with our services. They would say "we want no disloyal employee." A man who cannot see that this would only be justice has something crooked in his cranium.

And how much more important, when one's country is in a state of war, that every citizen should be loyal. The man who is not loyal is an ingrate. If he doesn't like the way the country is run he should clear out, and not continue under its splendid protection and then talk disloyalty to it. And it is only common sense that the government refuses to allow such. Self protection is the law of nature.

Eugene V. Debs' application for a rehearing of his appeal from conviction and sentence to ten years' imprisonment for violating the espionage act was denied by the U. S. Supreme Court at Washington on Monday. This ought to satisfy him and his friends of his disloyalty. He

has gone to the highest tribunal and it has said to him you have violated the law and must take your medicine. It is only justice. "Let justice be done though the heavens fall."

The Socialists, in America and elsewhere, are seizing upon the Debs decision in the United States Supreme Court as proof of persecution. Debs is being sent to the penitentiary, they argue, because he is a Socialist. They maintain that the government is trying to "crucify" the Socialist party and the Socialist movement.

Debs, of course, was not tried as a Socialist at all. He was tried as an American citizen for violating the espionage act by making speeches interfering with the recruiting of soldiers to defend the United States against German aggression. A Republican or a Democrat or a citizen acknowledging no party affiliation would have been condemned likewise if he had said the same things, with the same object in view. In fact, many men not designated as Socialists have been condemned under that same act.

One reason that the Socialist party, as such, has remained so small, is the bad odor it has had in its general reputation of being "agin the government" here and elsewhere, and its theory that men who have forged ahead and succeeded in acquiring property are all dishonest, and that their savings should be distributed to the public. Such principles are never going to be popular with honest people. Honest Socialists should realize this.

THE PROMOTER'S WIFE

BY JANE PHELPS.

BARBARA CALLS UPON BLANCHE ORTON.

CHAPTER LII.

After that conversation neither of us again mentioned the men he brought home. Occasionally he would still bring some business man to dinner, but not often, and invariably a very correct, very nice appearing man. What he did with the other sort, interested me so little that I forgot to ask.

Lorraine Morton and I were shopping one day. It was about five o'clock when we finished.

"Let's stop at Mrs. Orton's on the way home. I haven't yet paid my last dinner call," she said as we got into the car.

"That's a good idea. I haven't paid mine either, and it is of such long standing I am almost ashamed to go."

"She will, perhaps, be dressing for dinner. Still we will go."

I was surprised to realize suddenly that I was anxious that she would be at home, and able to receive me. It was a peculiar feeling, so strong that it rather puzzled me as to its cause.

Happily, she was at home. She received us in her boudoir. She was lying on the chaise-longue. She looked very lovely—but rather tired.

A lovely, pale, creamy-yellow silk tea-gown clung to her figure, making her svelte gracefulness particularly noticeable. She seemed to be pleased

that we had called, altho Lorraine said afterward that it was because she knew she looked lovelier than either of us ever could hope to. But Lorraine was a bit "catty" at times.

"I am to have company to dinner," she explained, "and am resting. I have been up very late for several days, and am showing the fatigue. I want to be at my best, for I expect to be bored to death."

"Why be at your best if you are bored?" I asked, smiling.

"Then is when one needs to be. If you are being entertained, it is easy and natural to be entertaining. But if you are bored, it just as surely is almost impossible to keep yourself from being boring. Think that over and see if I am not right," she said.

turning to Lorraine who looked as puzzled at Mrs. Orton's explanation as I had felt.

"Yes—I guess you are right," I said slowly. "I remember, when Neil brings home a clever, interesting man to dinner I never have the slightest trouble entertaining him; but when he brings some stupid man, I am so tired when he is gone, and can't think of anything to say to him while at dinner without an almost visible effort."

"Of course I am right! I have entertained both kinds often enough to know."

We then gossiped for a little before we left. On our way out we passed one of her maids carrying a huge box of flowers. I knew they were American Beauties by the stems, which stuck out from the end of the box.

"Some one is attentive to the widow," Lorraine said after we had entered the car. "I'll wager she won't be a widow long."

"Of course she won't! she's too clever, and too beautiful." Never, even to myself, had I failed to acknowledge Blanche Orton's cleverness or her beauty. It wasn't my way.

"That was a great idea of hers about resting so that she could be at her best before men who bored her," Lorraine mused. "I think it's awfully clever of her to think it out like that. I wonder whom she is having. She said nothing of any woman, did she?"

"No—she said 'company,' I returned.

"I'll bet she meant me," said Lorraine. "She hasn't any intimate women friends; and if she was giving a dinner I should be sure to have heard of it, even tho I were not invited. No—it's a man affair!" she finished decidedly.

"But why ask men who bore you?" I queried. "One sometimes is bored by one or the other of a married couple whom one has to ask; but I can't see why a widow should feel obliged to entertain anyone who bores her."

"It may be it is a business affair," Lorraine said carelessly as she bade me good-bye.

To-morrow—Barbara's Father and Mother Come to Visit.

BIG AUTO CLUB FOR FAYETTE COUNTY WILL BE ORGANIZED

Tentative arrangements have been made by a number of auto enthusiasts at Washington C. H. to organize an auto club. The club will probably be permanently launched Friday night. The club expects to become part of the state organization and to soon have a membership within Fayette county of 1,000 to 1,500 auto owners. Some of the advantages of an auto club in the county are thus pointed out: Highway improvement, better traffic regulations and the prevention of theft of cars bearing the association's marks.

Goat Good Milk Producer.

Mr. Winthrop Howland of Redlands, Cal., last year had a Swiss Toggenburg goat, kept on the University of California farm, which broke the world's record as a milk producer, by over 300 pounds. For the period of one year this doe produced 2,941 pounds of rich sweet milk, or more than 24 times her own weight. The period of lactation for a good doe should be from seven to eight months.

CASE AGAINST CHAS. BREEZE IS DISMISSED

Charles Breeze, operator of the Wilmington and Xenia auto bus line, who was to appear in juvenile court at Wilmington Tuesday morning on a charge of contributing to the delinquency of Lottie Craig, minor, was liberated Tuesday when the girl's father, Elmer Craig, asked to have the case dismissed without prejudice.

Craig told the court that he was unable to find the girl, who is only 17 years of age, to have her appear against Breeze, although the Clinton County sheriff received word from the sheriff of Montgomery county that he had personally served the Craig girl with the subpoena.

Breeze was released on furnishing \$500 bond last week and was in this city Sunday.

WASHINGTON WOMEN BEGIN BIG DRIVE FOR Y. W. C. A.

A big drive for membership in the newly organized Young Women's Christian Association at Washington C. H., was begun Thursday by several teams of women and will last through Friday. The Y. W. C. A. will have its headquarters in connection with the Washington Y. M. C. A. and the organization has determined to enlarge its field of opportunity by giving the young women of that city and county the same opportunity for benefit that has heretofore been exclusively reserved for the young men. It is hoped that 500 women's memberships can be secured during the drive.

DRESS UP AND CLEAN UP NEXT THING IN ORDER

And now the National Dress-up Week, with its attendant flurry of cleaning up and its thrills of new clothes and Easter fancy.

The Dress-up Week will be celebrated in Xenia the week of April 5 to 13 and well-laid plans provide that Xenia should play an important part in the celebration. It will be off with the old and on with the new. The springtime casting off gray garb of winter is example for humankind in its assumption of new and pretty clothes.

During the week which has been set aside by the government as National Dress-Up Week Xenia will blossom out like a flower unfolding its petals. Entering into the spirit of the Easter tide, both young and old will brighten up in new attire to further express the joyful spirit that lies in every man's heart of the victory we have won and of the happy return of our soldiery to their homes. The season is significant because of the coming of those khaki-clad warriors who feel that they have worn the khaki long enough. Now are they anxious to cast aside the army uniform, for they are done with war. These men will dress up now as they never dressed up before and it behooves the stay-at-home also to dress up to greet these returning soldiers in the garb of peace and victory.

This week is National. All over the country people will lay aside the old suit in the moth-balls and don the new. It is a patriotic duty and one should appeal to every liberty-loving American. Every true American will undoubtedly answer the call of spring as wafted by the Easter-tide and the Spring Dress-Up Week for who could turn a deaf ear to the season that is at hand.

The campaign being conducted by the city to clean up premises is but another phase of the dress up work and one that will be pushed vigorously during that week. If it is to be a clean-up—make it a general clean-up.

OHIO WOMEN IN W. S. WORK

Each County to Have Women's Division to Push Sale War Stamps.

Columbus, O. (Special.)—Many county War Savings chairmen of Ohio have selected heads of their women's division. Women of the state are to take an active part in the campaign this year for the sale of War Savings Stamps.

Seek to Retain Youthfulness.

As I approve a youth that has something of the old man in him, so I am no less pleased with an old man that has something of the youth. He that follows this rule may be old in body, but never can be so in mind.—Cicero.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

High School
Notes

Marion Eyler made a very clever toastmaster at the "Toastmasters" club meeting Tuesday evening at 6 o'clock. Gene Benbow gave a talk on industrial work in other high schools. Manual training and commercial subjects give a boy a better opportunity to discover his own possibilities and in helping him to choose his life work. Wm. Ruthrauff, sales manager of the Hoover and Allison, was the chief speaker of the evening. Mr. Ruthrauff's talk carried a wave of enthusiasm which appealed to the boys. He spoke along the line of the value of athletics in helping to create in a person the decision "to do something." Athletics increase the determination. The instinct should be cultivated until the reasoning power has been developed. The senior boys greatly appreciate the services of Miss Kyle and her girls who served the dinner in the library for the club. The menu was Swiss steak, mashed potatoes, escalloped corn, bread and butter, chocolate pie and coffee.

Mrs. M. R. Simpson is spending her spring vacation in Xenia. Mrs. Simpson is teaching art in the Lincoln high school in Cleveland and is finishing out the term. Mr. Simpson was in military service at the beginning of the year, but has been at X. H. S. since he received his discharge two months ago.

Prof. LaRue Carr better known as "Pop" was a visitor at X. H. S. Monday. Mr. Carr is teaching science at Clyde, Ohio, and is spending his spring vacation in Xenia with friends and relatives. Robert Moore and his guest Charles Moorehead and Fred Irwin all of Muskingum, were also visitors at the high school while they were home on their spring vacation.

BLISS NATIVE HERB TABLETS

FOR RHEUMATISM

This painful malady is the direct result of a poisonous condition of the blood. It is caused by a disregard of that condition known as constipation. Unless the alimentary tract is kept clean, sweet and wholesome, the food ferments, decays and causes ill health. Bliss Native Herb Tablets are nature's remedy for relieving the system of blood impurities, by maintaining a healthy condition of the liver, kidney and bowels. A box contains 200 tablets, and will last the average family six months. Price, \$1.00. Be sure and get the genuine and avoid spurious imitations. Look for the money back guarantee on every box, and our trade mark. Sold by leading druggists and local agents in all parts of the world.

Become Slender

A Simple, Guaranteed Method

If you would like to lose, weekly, from one to five pounds of burdensome fat while eating and drinking all you need, also enjoying life far better than at present, just follow this advice:

Take seven deep breaths of fresh air each morning and evening; after each meal take a little oil of korelin; eat all you need, but chew thoroughly, and follow other simple directions of the guaranteed Korelin system.

Men and women who were waddling around with heavy, sluggish bodies have, in many cases, reported a gradual, agreeable reduction of thirty to eighty pounds, with wonderful benefit to health and figure. This very season is the time to become slender, attractive, viracious and healthier, very easily. Get oil of korelin at the druggist's; it comes in capsules, convenient to use and is now sold at before-war low price. Weigh and measure yourself week to week. You can scarcely realize the joy that awaits you in normal symmetrical figure, with good health and longer life. Show others this advertisement.

Men and Women

Women as well as men are made miserable by kidney and bladder trouble. Dr. Kilmer's Swamp-Root, the great kidney medicine, is highly recommended by thousands.

Swamp-Root stands the highest for the reason that so many people say it has proved to be just the remedy needed in thousands of even the most distressing cases.

At druggists in large and medium size bottles. You may receive a sample size bottle of Swamp-Root by Parcel Post, also a pamphlet telling you about it. Address Dr. Kilmer & Co., Birmingham, N. Y., and enclose ten cents, also mention The Xenia Gazette or The Xenia Republican. adv

Mint Jell

Try Mint Jiffy-Jell with roast lamb or cold meats. It is vastly better than mint sauce. Try Jiffy-Jell desserts with their real

fruit flavors in essence form, in vials. Each is so rich in condensed fruit juice that it makes a real fruit dainty. Yet they cost no more than old-style gelatine desserts.

FIRST SIGNS OF 1919 BASEBALL SEASON

First signs of the arrival of the baseball season of 1919 were evident with the departure of the major league players for their training camps, but that the season has fully arrived is now certain with the appearance of the first schedule book.

As usual, it is The Dope Book, published by C. C. Spink & Son, St. Louis, Mo., publishers of The Sporting News. A feature of the book this year is a complete list of all major league players who went into the service during the war, and there is also to be found that famous poem, "Casey at the Bat."

THEATERS

BIJOU

Fred Stone, who has successfully invaded the forces of the silent drama after leaving the footlights, is appearing in another popular arcraft success "Under the Top," which will be shown at the Bijou Theater Friday matinee and night.

There is an unusual and original plot behind the piece, and it shows Fred Stone in the unique occupation of circus performer. His role is different in that he performs with skill on all the different tight and slack wires, trapezes, horizontal bars and other acrobatic accessories. The support is excellent including Ella Hall, Lester LeMay, Sylvia Ashton, James Cruze, Guy Oliver, Charles Ogle, Noah Beery, J. Cummings, Jane Wolf and Julia N. Stark.

OVER HUNDRED DELEGATES WILL ATTEND MEETING

Over 100 delegates are expected here for the 42nd annual meeting of the Women's Missionary Societies of the Presbytery of Dayton, which will be held at the Presbyterian church, in this city, Wednesday, Thursday and Friday, April 9, 10 and 11.

The Young People's Societies will hold their meeting Wednesday night, and it will open with a banquet which will be served in the dining room of the Presbyterian church at 6:30 o'clock. The Rev. Charles Matthew Brown, D. D., of Hamilton, will deliver the address, "A Budget of Opportunities for Young People."

Principal speakers at the convention will be Miss Ruth McComb, field secretary of the Philadelphia Board; Miss Marie Preston, of New York, field secretary of the Home Board; Mrs. L. C. Van Hook of Wooster; Mrs. W. T. Larimer of Pittsburgh, secretary of the Freedmen's Board; and Mrs. Francis M. Foy of Springfield,

who was formerly president of a girl's college in Japan.

At the Thursday morning session, the convention will be called to order by the president, Miss Nan E. Williams of Dayton, and the devotional hour will be in charge of Mrs. J. O. C. McCracken, wife of the local pastor. Messages from chairmen of the various committees will be delivered as follows:

Correspondence, Mrs. James Reid, Greenville; Young People, Gertrude Stephan, Hamilton; Educational work, Mrs. R. H. Long, Middletown; Literature, Mrs. A. L. WOMAN IS CHARGED WITH PRACTICING MEDICINE ILLEGALLY

On a charge of practicing medicine without a certificate, filed by L. M. Flatter, secretary of the State Board of Medical Examiners, Dr. Laura May of Columbus, was placed under arrest in Yellow Springs, at noon on Wednesday.

Waving examination before Mayor Thomas Donnelly, she was bound over to the probate court on a \$200 cash bond furnished by herself.

Dr. May and E. F. Deland, who acts as a business manager for her, arrived in Yellow Springs Monday night, and Dr. May engaged a room at the Comfort Inn, where she advertised by means of circulars, that she would receive patients. A large number of patients called Tuesday afternoon, and the woman was in consultation with a patient when she was arrested by Marshal James Lawson. She made no protest, but her companion, Deland, raised a big disturbance by declaring loudly that Dr. May was the victim of persecution.

The affidavit against Dr. May charges her with illegally practicing medical healing in the case of the seven year old child of John F. Bock, living on the Montgomery and Greene county line, who is a sufferer from organic heart trouble.

A Sewer Went Forth to Sew.

Said the facetious feller, "When a man tries to sew a button on a coat he generally makes it appear as if he were sewing the coat on the button."

NO MORE RUNNING SORES

Sayre & Hemphill Sell An Ointment Called San Cura That is a Positive Relief.

It matters not how old, persistent or poisonous the sore is, San Cura Ointment the powerful antiseptic will draw out the poison and promptly heal the sore.

So sure of this are the owners the Thompson Medical Co., that they have authorized Sayre Hemphill to return the purchase price if San Cura Ointment doesn't do all this papers says it will do. No fairer offer was ever made.

B. D. Dutton, Titusville, Pa., says: "My arm was covered with twenty-four running sores and swollen to twice its natural size. San Cura Ointment relieved the pain, drew out the poison and healed the arm in an incredibly short time. It is the greatest compound for healing I ever used."

The healing powers of San Cura Ointment are little short of marvelous. It gives relief, and is guaranteed to help salt rheum, eczema, bleeding, itching or protruding piles, ulcers, boils, carbuncles, chapped hands and chilblains. In cuts, burns, scalds and bruises, it allays pain and is healing. 30c, 60c and \$1.20 a jar. By mail on receipt of price, if your druggist is out of it or does not keep it.

RID HER OF ALL HER PAIN

Mrs. L. Wavue, 2726 3rd St., Ocean Park, Calif., writes: "I am thankful to say Foley Kidney Pills rid me of all my pain. I advise anyone to try them after the good they did me." Backache, sore muscles, stiff or swollen joints, rheumatic pains are indications of kidney trouble. Foley Kidney Pills are safe, reliable. Th.S.M.

SPLITTING HEAD- ACHES WITH AN ACID STOMACH

Genuine weight in this statement. Headache victims will read with keen interest what F. C. Lacey recently said in writing to Springfield's Nerv-Worth druggists.

Troupe Drug Co.—For a year I have been so troubled with severe, splitting headaches and an acid stomach that I could hardly sleep. Could not eat with any satisfaction. After taking one bottle of Nerv-Worth I can eat and sleep as well as anyone and I can cheerfully recommend it to anyone who suffers with stomach trouble or a run-down system.

F. C. LACEY, New Carlisle, O., R. F. D. Your dollar back if Nerv-Worth does not benefit you. Remember that Nerv-Worth contains no opiates, no narcotics, no coal-tar products, no habit-forming drugs—and that cannot be said of all headache medicines. Sayre & Hemphill sell Nerv-Worth in Xenia. W. F. Harper sells Nerv-Worth in Jamestown.

Substitutes for Hickory.

Specifications for handles for trenching tools were prepared during the war by the forest products laboratory at Madison, allowing seven substitute species in place of hickory and also certain minor defects, thereby making possible greatly increased production for this class of material and at the same time giving satisfactory handles.—University Bulletin.
